OBJECTIVE

Senior Software Engineer with 6+ years of experience in full-stack development. Proficient in planning, designing, and implementing solutions tailored to meet project requirements. Strong expertise in web technologies including HTML5, CSS3, JavaScript, TypeScript, Node.js, and React. Skilled in cloud technologies, particularly Microsoft Azure, and experienced with CI/CD, DevOps, REST API, and Agile methodologies.

SKILLS

Web Technologies - HTML5, CSS3, JavaScript, TypeScript, NodeJS, Angular, React, NoSQL
Cloud technology - Microsoft Azure, AWS
Tools - Git/Github, npm, Jenkins, REST API, Agile Development
CI/CD & DevOps

EXPERIENCE

Senior Software Engineer | GE Aerospace

OCT 2023 - PRESENT

- Architected and implemented multiple integrations in Thread Connect, enabling seamless access management for a team of over 200 members, resulting in improved collaboration and productivity.
- Spearheaded the development and maintenance of a React and NodeJS portal for deployment and access management purposes, streamlining deployment processes and enhancing user accessibility, resulting in reduction of manual effort.
- Provided mentorship and guidance to team members, fostering a supportive environment for skill development and growth.

Software Engineer | GE

JUL 2022 – OCT 2023

- Led the successful upgrade of Thread Connect product and management of Thread Connect Registry, ensuring seamless operation and compliance with security standards, resulting in improved product reliability and customer satisfaction.
- Developed and implemented new features and CVE fixes in Thread Connect, enhancing product security and performance, and reducing system vulnerabilities by 25%.
- Enhanced team collaboration and communication by improving documentation and conducting sprint demos, resulting in a 15% increase in team productivity and a more cohesive team dynamic.

IT Analyst | Tata Consultancy Services Ltd.

JUL 2017 – JUL 2022

- Developed and maintained cloud-based REST API endpoints, ensuring seamless integration.
- Managed code deployment, enhancing software delivery reliability. Conducted training sessions to upskill team members.
- Contributed to developing the world's first 5-Minute Settlement cloud solution using Node.js and Azure.

- Recognized with multiple awards for exceptional performance and innovative contributions.
- Automated test scripts, reducing manual efforts by 70%, improving testing efficiency.

EDUCATION

Master of Computer Application | SASTRA University, Thanjavur

2017-2020

8.0069 CGPA

B.Sc. (Computer Application) | Ranchi University, Ranchi

2014-2017

67.17%
